

Philosophy

Ecoro International, based on the principle of "rejecting the use harmful substances."

Ecoro International aims to create the world's[®] most energetic and healthy 100-year-old people by promoting safer and secure products.

Message from representative director Masaki Haramura

We aim to become a 100 billion company by providing the world with safer and reliable products and enriched lifestyles.

Thanks to all of you, we have been able to celebrate our 20th anniversary.

Thank you very much for your support.

This year, we experienced social and economic instability due to the COVID-19 pandemic, but I believe there is not an absolute stability in any age, and that it is important to respond to change, determine what value to provide, and act accordingly.

In these unprecedented times, hope that you can share with us in our business chances.

There are also serious environmental problems around the world. Carbon dioxide emissions in many countries continue without change and there is still no real solution to oceans pollution caused by microplastics.

In line with our corporate philosophy of "Rejecting the use harmful substances," we will continue to provide safer and highly biodegradable products having in mind a better world and enrichment of lives.

We also aim to expand our business into the global distribution market and create a romantic life together with you.

As a company that will continue to grow, we set our sales target to 100 billion yen, providing the world's best products and improve lifestyles as a contribution to the society and everyone.

Ecoro International
Representative director/Doctor of Science
Masaki Haramura

Elements of the Body

The Power of Amino Acids

Being a "clean freak" could be dangerous!

Nowadays, you watch on the TV that laundry detergents, kitchen detergents, and fabric softeners are all labeled as "sanitizing," "antibacterial," and "disinfecting." Even here!? We are bombarded with the presence of many invisible germs every day that we have become obsessed with them. However, did you know that this antibacterial lifestyle is causing serious problems in the skin, body, and immune system of modern Japanese people?

We are coexisting with bacteria

From the time we are born, we are coexisting with bacteria. It is said that the human body has about 100 trillion bacteria in the intestines and 1 trillion bacteria on the skin. Each of these bacteria plays an important role in its own place. Staphylococcus epidermidis is the most common bacteria on the skin. In recent years, this bacterium has been featured on TV and called "beautiful skin bacteria". It keeps the skin weakly acidic and prevents the growth of alkaline-loving pathogens. However, when we wipe our skin with antibacterial soaps and wet wipes every day, it kills not only bad bacteria but also bacteria necessary for the skin. Skin without bacteria weakens the immune system, which in turn allows bad bacteria to grow and cause skin problems. And this kind of trouble is happening in our bodies right now.

Women's diseases are caused by a lack of bacteria! Clean does not equal healthy!

If we wash our skin too much, it becomes dirty. Over-washing leaves the skin devoid of indigenous bacteria. Alkaline skin is the perfect environment for bacteria to grow. Isn't that what you think of as "unclean"? A woman's vagina contains a lactic acid bacterium called Döderlein's bacillus, which keeps her vagina clean. This bacterium feeds on vaginal glycogen to keep the vagina acidic. In other words, a normal vagina is acidic. Women who wash their vagina with a bidet daily are washing away the Döderlein's bacillus in their vagina, thus lowering their resistance to germs and increases the risk of getting vaginitis. **And it is said that 50-60% of the causes of premature birth and miscarriages are because of vaginitis.**

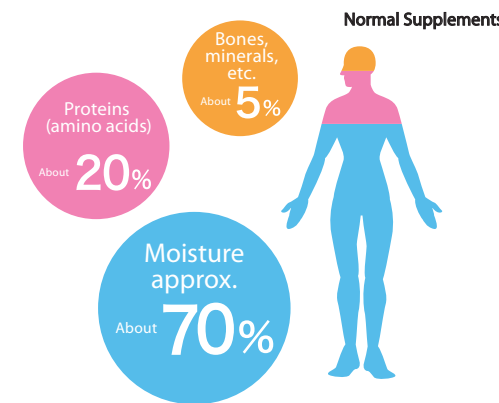

Do you know that "percutaneous poisoning" enters through the skin?

Toxic chemicals such as surfactants can enter the body through the skin and cause allergies and skin problems. Once these harmful chemicals enter the body, it is difficult to release them. They are truly "silent killers". It is important to choose safe and reliable products for daily use.

Do you know? There are also "types" of amino acids.

Ecoro International's skin care "Marine Series" uses the world's highest level of amino acids.

There are 22 types of amino acids in total, and they are found in cosmetics and daily products. The Marine Series uses the world's highest level of medical grade amino acids, which are made from glutamic acid and natural fatty acids that are used as intravenous drips. It is made for the human body with a low stimulation, it can be used for hair and the entire body, even for people with atopic skin, acne-prone skin, and babies.

About 20% of the body is made up of amino acids.

Proteins are made up of amino acids. Skin, hair, muscles, bones, internal organs, red blood cells, white blood cells, hormones, etc...

Almost everything in the body cannot be produced without proteins. And these 100,000 kinds of proteins are made up of only 20 kinds of amino acids.

?? Are amino acids good for your hair?

Dull, dry hair is the result of severely damaged cuticles and a decrease in the number of amino acids. By using amino acids to care for your hair, you can make your hair smooth, moist and beautiful.

Synthetic surfactants (toxic chemicals) are said to be the cause of rough hands, eczema, and atopic dermatitis, and are contained in most commercial detergents and cosmetics. Synthetic surfactants can get into the body, and once they accumulate, they will never leave the body again. It also has a negative impact on the natural environment and animals.

Gel with amino acid for medical use.
Skin supplement to nurture skin indigenous bacteria

Marine Pure Crystal

Over 3 million bottles!

It takes 3 months of maturing materials to make this product!

Whitening

Beautiful skin

Skin Regeneration

Marine Pure Crystal

Product No. : 110
Price : 11,000yen

Contents : 150ml MADE IN JAPAN

This is a "skin supplement" that prevents skin problems by increasing the skin's indigenous bacteria that protect the skin and nourishes the skin with medical grade amino acids. It is safe to use for everyone from babies to elderly people.

Only one product for the whole body! Lots of trials already out!

Serum with Amino Acid for Medical Use

Marine Essence Lotion

Contains 6 kinds of herbal extracts.

Over 22 million bottles!

Contains 22 kinds of medical amino acids used for burning treatment.

Moisturizing

Skin Regeneration

Skin Repair

Marine Essence Lotion

Product No. : 115
Price : 11,000yen

Contents : 30ml MADE IN JAPAN

Focusing on the skin's NMF (Natural Moisturizing Factor) component, this lotion contains a well-balanced blend of natural amino acids that moisturize the skin. It prevents skin from drying out.

How to use Marine Pure Crystal

1. Wet a lathering net with warm or cold water and lather well.
2. Let it foam until the foam does not fall off even if you turn your hand upside down.
3. Gently massage the foam into your skin.
4. Rinse well afterwards.

You can wash your hair too!

Wet your hair and roll it around to form a lather.

For the body too!

You can use the lather to wash your face and every part of your body.

You can wash your hair, face, and entire body with the glutinous foam!

size : about 180mm X 100mm

It is mildly acidic, gentle to the human skin, and brings a healthy skin

The surface of the skin is acidic, but people have the ability to maintain their own skin at a mildly acidic level, which is neutralized by lactic acid contained in sweat and fatty acids on the skin surface.

In addition, the pH value of healthy skin is said to be slightly acidic. This is because the sebaceous membrane covering the skin is slightly acidic.

Amazing experience!

Actual experiences of using Marine Pure Crystal

We have solved skin problems by increasing the "immunity of the skin" of those who have been worried year by year!

• My diabetes had worsened, causing severe gangrene on my shin. When I applied the "Marine Pure Crystal" foam pack, **my skin regenerated rapidly, and the symptoms improved considerably in about a week.** I was really surprised. (Male, 50 years old)

• About two years ago I developed eczema on my left ankle. I continued with the treatment while not knowing what had caused it. However, it did not get better and got swollen with layers of scabs, and I couldn't sleep well due to the pain. That's when I gave Marine a try. **Then, the itch went away and within a few days, the scabs came off, and I could see my pink skin.** I was very surprised. Now my skin condition has stabilized and is on its way to a full recovery. I am so thankful I found Marine! (Female, 38 years old)

• I had been troubled by an **athlete's foot** for 12 years. Two days after I started to use Marine Pure Crystal seriously, my nails, which had grown thick due to trichophyton, fell off, and two months later, **they were replaced by new and healthy nails.** (Female, 49 years old)

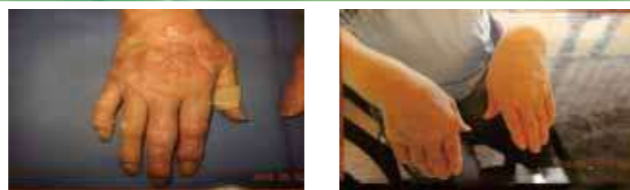

• I injured my foot 27 years ago and had 3 surgeries. Because of that, I couldn't walk normally, but as soon as I put the Marine foam on my foot, the **pain reduced, and the wound looked better.** A month later, I can walk normally again. (Female, 50s)

• When I washed my body with Marine to get the lymph flowing, my **stomach tightened within two weeks.** (Male, 40s)

I had **unexplained eczema** all over my body and it was painful and itchy. But after three months of using Marine and hydrogen bath bombs, **I was all better and didn't even need further treatment.** I really think it's a miracle. Thank you so much. (Female, 59 years old)

• I'm allergic to UV rays and whenever I got exposed to the sun, I would even get eczema and burn-like symptoms. It was tough, but after just two days of using Marine, **my allergy improved.** I'm surprised. (Female, 40 years old)

Arm Symptoms

Hand Symptoms

• I was admitted to the hospital in an emergency for **psoriatic erythroderma** and was scheduled to spend two weeks there. But after 12 days, I was all better and the doctors and nurses were amazed at the improvement! (Male, 64 years old)

• Two months since I started using Marine Pure Crystal, **my hair has darkened and increased in volume and the hair quality has changed!** I'm amazed! I'll continue using it! (Male, 50 years old)

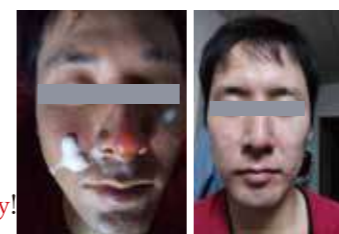

• My son, soon to become four years old, was suffering from **atopy.** His skin was hard like a bronze statue and he would bleed from his scratches. After we started using Marine, **he stopped getting scratches due to him scratching his skin from the itch and didn't have to go to the hospital for his asthma too.** My 6-year-old daughter's hair is now shiny and easy to comb as well. (Female, 38 years old)

• I always had bloated and swollen feet due to liver cancer. Even when I went to the hospital, I was only prescribed an ointment, which didn't cure my swollen feet. But after massaging my feet using Marine foam for only 10 minutes, the **swelling disappeared, and my feet looked all better!** (Female, 83 years old)

• I got **burned** and my skin peeled off, which really hurts, but within five days of applying the foam on it, **my skin regenerated beautifully!** (Male, 40s)

• When I used Marine to wash my hair, which I had given up on if I were to be very honest, it **started growing back in three months!** I will continue using it. (Male, 72 years old)

• My hair was completely white with white hair, but after two weeks of using Marine, **black hair grew back from my hairline.** I'm impressed. (Male, 67 years old)

• Due to palmoplantar pustulosis, my sole was rough. When I soaked my feet in Marine foam for 30 minutes and washed it off, **my skin started to regenerate!** (Female, 54 years old)

• I used to suffer from heat rash on my neck and back every summer, but after using Marine, **my skin looks better in no time and I'm less prone to getting heat rash!** (Male, 27 years old)

Forever young and healthy beauty

The anti-aging ingredient "NMN" and high-purity amino acids keeps your skin beautiful

Marine Essence Complex Lotion Platinum

Product No. 115
Price : 11,000円

Net content : 30ml
MADE IN JAPAN

◆ The anti-aging ingredient "NMN"

NMN (β -nicotinamide mononucleotide) is a naturally occurring substance in the human body and all living organisms, but it decreases with age. As a result, it is thought that you will feel changes (aging) in your body and physical condition.

◆ 22 kinds of high purity Amino Acid

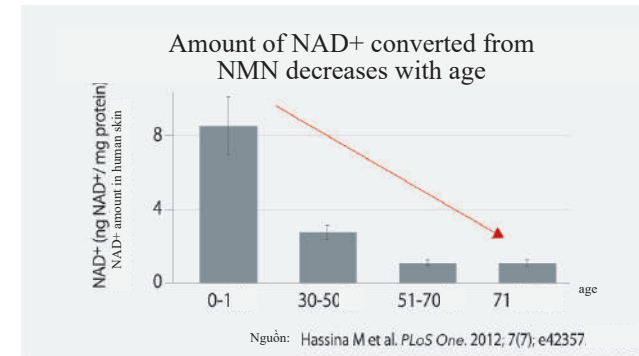

In fact, more than half of the natural moisturizing components of the stratum corneum, the outermost layer of your skin, are made up of amino acids. It is known that supplementation of amino acids is beneficial to the beauty and health of your skin.

◆ Dipotassium glycyrrhizinate

"Dipotassium glycyrrhizinate" - an active ingredient of licorice (Glycyrrhiza), which has anti-inflammatory effects, leaving your skin bright and full of vitality.

◆ The anti-aging ingredient "NMN"

NMN prevents various skin problems caused by aging, such as **wrinkles, sagging, spots, and dullness**. The Sirtuin gene, which is said to have a large impact on lifespan, is thought to suppress all aging factors when activated, and is the key to achieving anti-aging at the cellular level. NMN is the activation switch for the sirtuin gene, which regulates skin metabolism from the genetic level and improves problems of aging skin such as wrinkles and sagging skin.

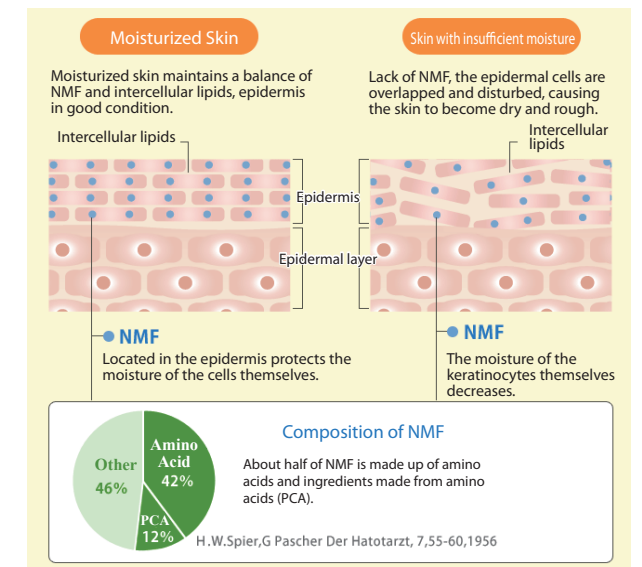

NMN is being researched constantly and is attracting attention as the latest aging care ingredient. Harvard Medical School studies have shown that the athletic performance, appearance, and cellular activity of 2-year-old mice became equivalent to 6-month-old mice after being treated with NMN for a week.

※Compared to the human body, it can be said that it is equivalent to the change from 60 years old to about 20 years old.

◆ Contains 22 kinds of high purity "Amino Acids", giving a healthier whietened skin!

The skin's innate ability to create moisturizing components and store moisture in the stratum corneum. This is made up of "Natural moisturizing factor (NMF)", which is made from amino acids. When this natural moisturizing factor is present in sufficient quantities in the skin, it moisture to the skin and maintain the ideal skin barrier function.

Moreover, it contains a high concentration of medically effective whitening ingredients. It improves the skin from the root, improves age spots and freckles, and inhibits melanin production.

Marine Essence lotion Platinum White protects and moisturizes the skin with amino acids. It also helps to achieve a beautiful, white skin with a fine texture.

Skin immunity UP

No harmful ingredients!
The safest makeup remover in the world

Marine massage cleansing gel

Amino acid makeup remover using only natural plant-derived ingredients. The high-purity amino acids protect and moisturize the skin. When used while massaging, it also has a lifting effect. It does not leave your skin feeling tight after washing.

• Testimonial

- I don't feel any tightness after washing my face, and I feel refreshed afterwards! Every time I wash my face, I can feel my skin getting firmer! (25-year-old female, Miyazaki Prefecture)
- The black in my pores, which had been bothering me, have been completely removed! My wife is also happy to see that my pores have become less noticeable. (37-year-old male, Fukuoka Prefecture)

Doesn't just remove makeup!

Moisturizing
Tightening
Glowing skin

Marine Massage Cleansing Gel

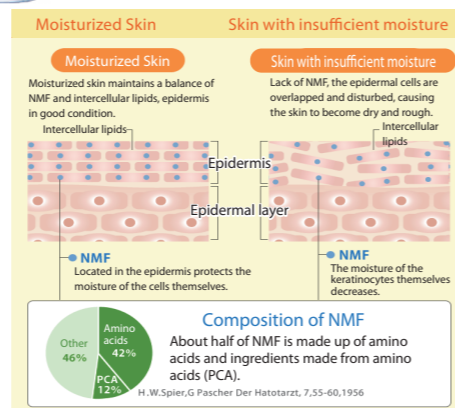

Product No. : 230
Price : 6,600yen

Contents : 130g MADE IN JAPAN

Luxuriously blended with 18 kinds of amino acids! Make your skin plump!

Amino acids that contribute to your "beauty"

Our body is about 60% water. If you weigh 50kg, about 30kg of your body is made up of water. The skin plays an important role in retaining this water. Amino acids are important as the natural moisturizing factor (NMF) in the skin. When there is a lack of amino acids, the skin becomes dry and various problems can occur.

Dipotassium glycyrrhizinate reduces inflammation and makes your skin shiny!

The active ingredient "Dipotassium glycyrrhizinate" is a major component of licorice, a perennial plant that grows wild in southern Siberia, western China and eastern Europe. It is also known as a raw material for Chinese herbal medicine and is highly effective in reducing inflammation and anti-allergic effects for chronic and acute dermatitis, and is effective in treating acne, rough skin, and atopic dermatitis. It is also a safe and effective ingredient with no side effects.

Skin immunity UP

Natural steroids are used. Say goodbye to dryness, itchiness, and inflammation!

Marine Cure Ixchel

Contains natural amino acids and Defensil, a natural steroid ingredient developed in Switzerland and not yet released in Japan. This product removes the three problems specific to atopic dermatitis, such as dryness, itching, and inflammation, and restores your skin to its original beauty. It is a beauty gel cream that can be used for the whole body.

• Testimonial

- My grandson has atopic dermatitis and I thought medication was not good for him, so I started using this product. Now my grandson has no itching and is incredibly happy. (67-year-old woman, Yamanashi Prefecture)
- The scaly skin on my elbows and heels has become soft. There are no side effects because are natural ingredients. (Female, 41, Hyogo Prefecture)

Contains skincare ingredients.

Product No. : 240
Price : 6,600yen

Contents : 60g MADE IN JAPAN

No UV absorbers used! Sunscreen with plant extracts for beautiful skin

Marine UV Veil

This is a completely additive-free sunscreen that does not use UV absorbers, which can cause skin irritation. It also contains plant extracts that make your skin beautiful. It blends quickly and does not leave a white cast on your skin. It can also be used as a makeup base to improve makeup application. I bought this product because I heard that it can be used as a base for makeup.

• Testimonial

- When I tried it, I was pleasantly surprised to find that it also has a great sunscreen effect. (29-year-old woman, Tokyo, Japan)
- I was troubled with skin stains, which were getting darker every year. I think it's getting better since I started using it. (49-year-old woman, Fukuoka, Japan)
- It doesn't turn white when I apply it, it's natural, and I can apply it quickly and even when I'm in a hurry. I've been using it for a long time. (34-year-old female, Nagasaki Prefecture)

Contains skincare ingredients.

- Stains
- Wrinkles
- Sagging
- Dullness
- Makeup application

Skin immunity UP

No preservatives, artificial colors or fragrances.

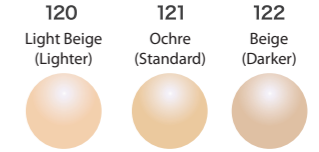

No skin irritation even if you sleep with it on!
Marine Tranveil Cream Foundation

Marine Tranveil Cream Foundation®

<Precautions for usage and storage>
Apply after conditioning the skin with essence lotion. Apply directly to hands and smooth gently onto skin. Do not rub the skin strongly. No preservatives are used in this product, so please use it up within 3 months after opening the package.

Stretchy, wrinkle-free!

Marine Tranveil Cream Foundation®

Product No. : 120 / 121 / 122
Price : 6,600yen

Contents : 30g MADE IN JAPAN

< Combining two notable skincare ingredients >

Artichoke leaf extract

Reduces the appearance of pores.
Removes blackheads in pores.
Gives elasticity to sagging pores.

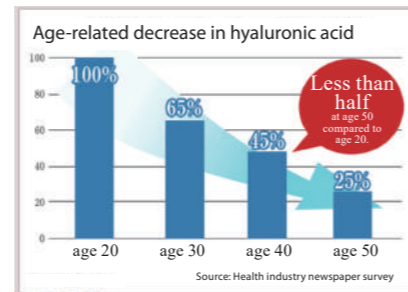

Cistanche tubulosa stem extract

Skin rejuvenation effect.
Suppresses melanin and whitens the skin.
Protects skin from ultraviolet rays.

Contains 5 hyaluronic acids

- Natural Hyaluronic Acid** Highly moisturizing and hydrating, prevents dryness.
- 3D Hyaluronic Acid** Pulls the wrinkle layer and makes it less noticeable.
- Hydroxypropyltrimonium Hyaluronate** Deeply penetrates the epidermis and maintain high moisturizing effect.
- Acetyl Hyaluronic Acid** Softens the skin and keeps it moisturized for a long time.
- Power Hyaluronic Acid** Extremely high moisturizing power for plumps skin.

Testimonial

- My sagging face, which had been bothering me for a long time, is getting better. My friends say that my face has become smaller, and I am very happy. (58-year-old female, Fukuoka Prefecture)
- My eyes wrinkles, which had been bothering me, are getting lighter. (63-year-old female, Hyogo Prefecture)
- The stains on my face have become lighter and I feel more confident about my skin. (47-year-old female, Miyazaki Prefecture)
- Thanks to Matrix, my face lines are disappearing. (54-year-old woman, Tokyo)

Skin spots and freckles disappear naturally. First in the industry! High concentration amino acid concealer

Royal Concealer Stick

<Precautions for usage and storage>
Use after cream foundation. Apply directly to skin or take in hand and gently place on skin. Do not store in a hot place. No preservatives are used, so it is easily soluble. Once opened, use up within 3 months.

Effective against all kinds of stains caused by aging, UV rays, stress, etc.!

Extremely stretchy and easy to use!

Contains 18 kinds of amino acids and bifidobacterial. Get rid of skin stains, freckles, dark circles, and dullness. The stick type is easy and convenient to use.

Royal Concealer Stick

Product No. : 125

MADE IN JAPAN

The power of hydrogen

Health

For those who are worried about diseases such as cancer, viruses, heart attacks, stroke, rheumatism, diabetes, gout, and dementia..

Beauty

Can be used for treating stains, wrinkles, dry skin, skincare, female hormone regulation, dermatitis, atopy, etc.!

It can cause dementia and Alzheimer's disease.

Hydrogen water is the only ingredient that can reach the brain, and it also removes reactive oxygen species in the brain.

Therefore, it is effective against dementia and cerebral infarction.

Vitamin C, which has the same antioxidant effect as hydrogen, has a large molecular size and cannot spread as far as hydrogen.

The key is to have a high concentration of hydrogen and to drink it continuously.

Highly concentrated silica hydrogen water Lourdes Blessing contains a high concentration of hydrogen. You will feel the effect more if you drink it continuously.

Please replace the capsules with new ones after about one month of use, as the hydrogen concentration will decrease.

Increases immunity in the body

The power of hydrogen has been featured in several media!

Hydrogen fights off **aging, cancer, and viruses** with its high antioxidant power and immunity boosting effect!

In addition to aging, the 90% of lifestyle-related diseases such as cancer, diabetes, myocardial infarction, and stroke, as well as viruses, atopic dermatitis, stomach ulcers, cataracts, respiratory diseases, rheumatism, spots, and wrinkles are said to be caused by "reactive oxygen species". Reactive oxygen species (ROS) are substances that are generated in large quantities in the body due to stress and the intake of toxic chemicals.

Hydrogen is the smallest molecule in the world that can remove this active oxygen.

Hydrogen can remove only the "bad" active oxygen, which is unnecessary for humans.

Osaka University has announced that hydrogen can kill viruses!

A world first! Hydrogen is effective in preventing viruses!

Check it out from here (about 2 minutes)

"Marine Silica hydrogen water generation capsule" is safe because it is made from natural ores!

Contains no radioactive cesium

(silicon) The power of silica

What is silica (silicon)?

Silica is a mineral that is necessary for the cells of animals and plants. It is found in skin, bones, hair, and blood vessels, and helps to maintain the suppleness of these organs. Silica is lost with age, and the body does not make new silica. To stay healthy and beautiful, you need to be active in taking silica!

- Moisturized, smooth skin**: Strengthens with the three major skincare ingredients (collagen, elastin, and hyaluronic acid), maintains and improves elasticity, increases collagen content for a moisturized smooth skin.
- Stains and freckles**: Helps to regenerate collagen, hyaluronic acid, and elastin to repair skin damaged by ultraviolet rays, thus preventing freckles and blotches.
- Atopic dermatitis**: This treatment improves atopic dermatitis from both inside and outside by "detoxifying the skin" "improving blood flow" and "increasing moisture retention".
- Gray hair, hair loss, thinning hair**: By strengthening the hair and improving the blood vessels that deliver nutrients to the hair follicles, getting new hair and prevent loss of hair.
- Cleanses the intestinal environment**: Silica is the main component of dietary fiber, which activates the workings of the intestines, improves constipation, and has a weight loss and beautiful skin effect.
- Strengthens capillaries**: Capillaries account for 99% of all blood vessels in the body and have the important function of sending oxygen and nutrients to every corner of the body. Silica revitalizes capillaries, which decrease with age.
- Younger boneage and youthfulness**: Silica strengthens bones, which are said to start aging in our 20s. As the skull ages, the muscles in the face start sagging, dark circles and wrinkles appears.
- Prevents nails from breaking**: Nails are a barometer of our body's health. Silica binds the collagen that keeps the body healthy and strengthens the nails.
- Osteoporosis and joint pain**: Silica binds calcium together, so taking silica increases bone density and prevents osteoporosis. Calcium alone does not make bones strong. More than half of women in their 70s and 80s are said to have osteoporosis, and even those in their 20s have weak bones.
- Improving blood flow, arteriosclerosis, cerebral infarction**: Decomposes and removes fat and cholesterol from blood vessels, thus improving blood flow and preventing arteriosclerosis and cerebral infarction.
- Diabetes**: It is highly effective against capillary damage and arteriosclerosis, which are complications of diabetes.
- Gout**: Alkalinizes blood, helps kidney function, and prevents uric acid crystals from forming in the joints, thus reducing gout attacks.
- Emphysema**: Emphysema can also be treated by entering to the numerous capillaries in the lungs and improving healthy blood vessels. Highly recommended for cigarette smokers and anyone with respiratory problems!
- Improves the quality of sleep**: By taking silica, you can normalize melatonin, which is secreted by the brain, and get a good quality sleep.
- Eliminates gum disease**: It has antibacterial properties and can help prevent periodontal disease by killing and purifying bacteria in the mouth.

A world first!

Highly concentrated silica hydrogen water

is a combination of hydrogen water and silica water.

The world's three most miraculous springs

Three miraculous springs where all kinds of miracles are taking place.

- The Lourdes Spring** in France... 6ppb
- Nordenau Spring** in Germany... 4ppb
- Tlacote Spring** in Mexico... 1ppb

Hydrogen concentration in the water of each place

Marine Silica Hydrogen Water Generation Capsule

Product No. : 360
Price : 11,000yen

Contents : 13g/piece (±1g) 2 capsules
MADE IN JAPAN

How to make Hydrogen water

- (1) Rinse the capsule with running water before use.
- (2) Add about 1/3 of the capsules and water to the special pressure-resistant bottle.
- (3) Shake well and discard the water. Repeat 4-5 times or more until the cloudiness of the water is no longer a concern.
- (4) Fill the bottle to the top with water, tighten the cap, and leave it for about 8 hours to produce highly concentrated hydrogen water. (Room temperature is recommended.)
- (5) To make "super" high concentration hydrogen water, leave it for more than 24 hours.

How to drink and precautions for use

- It is recommended to drink 3-5% of your body weight per day for best results.
- If you are taking medication, you can also drink it, but do not take it at the same time as your medication.
- After opening the package of hydrogen water, please finish drinking it within a day.
- When warming, do not let it boil.
- **Replace the capsules in about a month.**
- **After 24 hours, please drink as soon as possible. Due to its high concentration, the bottle may be damaged.**
- **The special bottle should be replaced every three months for deterioration due to high concentration.**

NEW! Newly added black ginger!

It has a slightly bitter taste, but **after three weeks of continuous use, this new ingredient can dissolve triglycerides!** Furthermore, it can activate the consumption of carbohydrates, preventing the body from aging. It is a highly effective ingredient not only for weight loss, but also for beauty.

<How to take>

If you are concerned about heavy metals, please take 1 packet before or during meals. If you are concerned about your health, please take one or two packets every day. For best results, use in combination with "High Concentration Hydrogen Water".

100% removal of heavy metals and radioactive cesium

Ecoro Zeolite adsorbs toxic substances accumulated in the body and discharges them outward, making it easier to lose weight and build a healthy body.

It has a high detoxifying effect on heavy metals, waste, and other toxins in the body!

Graph of the amount of toxins in the body when Zeolite is ingested.

(Table) Adsorption capacity of radioactive materials in column method

Adsorption products	Elution count	Adsorption rate
None	874	
Zeolite D	-10	100.0
Zeolite E	28	96.8
Zeolite F	20	97.7

A radioactive cesium solution was passed through the column to adsorb CS137. After the treatment, one millimeter was taken and the radioactive level was measured, and the value was subtracted.

*Excerpt from Research Results on Radioactive Material Adsorption, Graduate Institute of Medical Science, Chiba University.

	Liver	Breast	Brain	Total
Number of toxic substances before fasting.	845	876	875	2,596
Number of toxic substances before fasting after 1 week.	88	115	124	372
Removal rate after 1 week	90%	87%	86%	87%
Removal rate after 2 weeks	100%	100%	100%	100%

It removes 100% of cesium in an instant!

Ecoro Zeolite is also recognized by the U.S. Food and Drug Administration (FDA) for its effectiveness in removing radioactivity, discharging heavy metals, preventing cancer, aiding digestion, and strengthening the immune system.

Boosting Metabolism and Supporting Dieting

Detoxification is the best way to lose weight!

*Effectiveness and realization may vary depending on the individual. *Moderate exercise and diet control are also necessary for weight loss.

Slim Salacia Plus

For those who are concerned about sugar!
To get a body that is easy to lose weight and does not get sick.

Attention! Latest theory

Contains 3 natural herbal ingredients.

- Lowers blood sugar levels.
- Prevent obesity and lifestyle-related diseases.
- Prevention of gallstones and stones
- Lower uric acid levels
- Removes uric acid crystals.

Slim Salacia Plus

Product No. : 160
Price : 11,000yen

Contents : 430mg x 100 capsules
MADE IN JAPAN

<How to take>

If you are concerned about your weight, take 3 capsules before each meal for 10 days. After that, take 1 to 2 capsules before each meal. If you are concerned about your health, please take 1 or 2 tablets before each meal every day. This product is more effective when used in combination with "Highly concentrated hydrogen water".

NEW

Newly formulated with the stone-breaking herb "Chanca Piedra"!

- Renal function improving effect.
- Hepatitis B virus inactivation, anti-hepatotoxicity
- Crushing action of urethral ureteral stones (calcium oxalate) and urinary stone formation preventive action
- Antiviral activity
- Anti-inflammatory, antibacterial, anticonvulsant
- Blood vessel relaxation, platelet aggregation inhibitory effect

"Salacia" that suppresses the absorption of sugar.

- Lowers blood sugar level, suppresses blood sugar level rise.
- Obesity prevention, diabetes prevention
- Liver function protection
- Improvement of dyslipidemia, burning of visceral fat.

Miraculous tree "Moringa"

- Antioxidant effect such as atopy prevention and whitening effect
- Immunity UP
- Prevention of arteriosclerosis, cancer and myocardial infarction
- Improvement of cardiopulmonary function
- It is said to prevent as many as 300 diseases.

Increases immunity in the body

Refiber Gold®

- Prevents obesity and viruses.
- Improves immunity.
- Menopausal disorders, recovery from fatigue, rejuvenation effect
- Cancer prevention

Boosts immunity! Two kinds of patented effects
Virus infection prevention patent
Cancer effect

Anti-virus agent increased!

Virus-fighting supplement recommended by preventive medicine doctors.

For people with the following **problems**

- Those who are not able to get rid of fatigue easily.
- Those who are prone to catching a cold and find it difficult to recover from it.
- Those who suffer from pollen allergy or atopic dermatitis.
- Those who suffer from mouth ulcers or herpes.
- Those who get sick easily after exercise or on important days.

Refiber Gold®

Product No. : 050
Price : 29,700yen

Contents : 130.5g (1450mg/piece X90pieces)
MADE IN JAPAN

<How to take>
Take 3 to 4 tablets a day with water or hydrogen water.
You can drink it by chewing or licking it.

Marine Fresh Toothpaste Gel®

World's first! Repels viruses entering through the mouth!
Did you know? Periodontal disease is the cause of other disease!

Studies have shown that bacteria in the mouth can flow through the bloodstream to the entire body, causing dementia, heart disease such as myocardial infarction, osteoporosis, diabetes, rheumatism, and more! Also, 30% of obese people are infected with the obesity virus (adenovirus 36)! These viruses also come in through the mouth!
It's important to choose a non-acidic toothpaste that won't damage tooth enamel while preventing viruses!
Contains no harmful ingredients such as "sodium lauryl sulfate".
A toothpaste that improves immunity and prevents viruses by brushing your teeth daily. Prevents inflammation in the mouth and keeps teeth healthy and strong. No synthetic surfactants are used in this product, so even children can use it safely.

Boosts immunity!
Two kinds of patented effects
Virus infection prevention patent
Cancer effect

Marine Fresh Toothpaste Gel®

Health Promotion from a Doctor's Perspective

It is becoming clear that there is a deep connection between health and the intestinal environment, as shown by the fact that many diabetics have periodontal disease. By nature, the mouth is full of bacteria. By maintaining a healthy oral environment, we can improve not only our health, but also our beauty and overall health.

Why do I have to brush my teeth?

The ideal habit is to brush your teeth after every meal, three times a day. During the day, saliva disinfects the mouth to some extent, but at bedtime, the amount of saliva decreases. When this happens, the risk of tooth decay and gum disease due to bacteria increases.

Therefore, it is important to brush your teeth before bedtime, when oral bacteria start to multiply, and immediately after waking up, when the number of oral bacteria increases.

The mouth is the easiest place to absorb viruses!

The inside of the mouth is 14 times easier to absorb transdermal than the inside of the arm, making it easier for the body to take in harmful substances. Airborne viruses can also enter the body through the mouth and nose.
20% of cancers, which affect about 40% of Japanese people, are caused by viruses. Since viruses are invisible, they can spread unnoticed. It is very important to prevent viruses in our daily lives.

An Ingredient for Healthy Aging 「NMN」

● What is NMN?

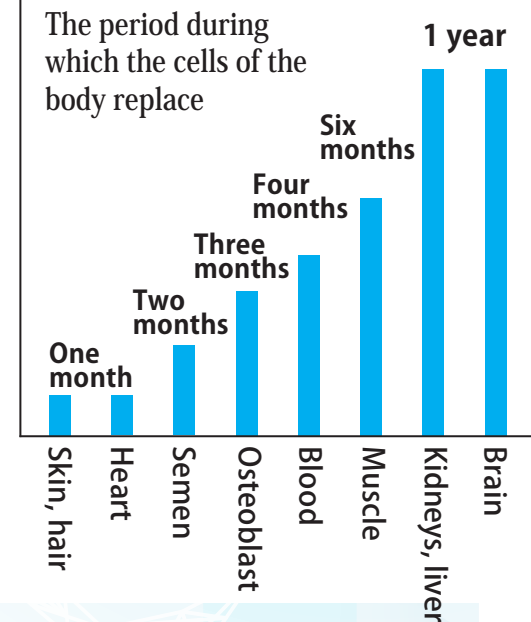

NMN (nicotinamide mononucleotide) is a substance made initially naturally in humans and living organisms. There are 7 types of sirtuin gene inside of human body, that controls the aging of organs throughout the body. Studies have found that NMN is a substance that can activate all seven sirtuin genes. Check out the video at the top right for more information!

Broadcast on TV
(approx. 15 minutes)

Be sure to check it!

It takes about one year for the whole body to change!

Broadcast on TV
(approx. 15 minutes)

Average human lifespan can be increased up to 100 years

NMN has been found to be an essential substance in the relationship between humans and aging!

● Excellent content!

NMN is also contained in breast milk and green-yellow vegetables and can be ingested, but its content is minimal. In addition, diet alone cannot compensate for NMN, which is converted into NAD in the body. NAD gradually decreases with age. In your late 50s, its proportion becomes equal to the level of NAD when you were younger. That's why consumption of NMN with supplement can support youthful physical development.

If you

Causes of lowered immunity! Fear of "Toxic Chemicals"

Many commercially available cosmetics, toothpaste, shampoo, conditioner, body soap, and detergent contain synthetic surfactants and other "toxic chemicals".

"Harmful chemical substances" are accumulated in the body through the skin and cause diseases such as **weakened immunity, atopy, cancer, malformations, brain disorders, asthma, and allergies.**

This is called "percutaneous poisoning".

Specially, it is important to choose safe and secure products for daily necessities that encounter the body, as **the immune system, which is important for maintaining a healthy body, is weakened, making the body susceptible to illness.**

In addition, it is said that transdermal poisoning during pregnancy can be passed on to the fetus through the placenta, resulting in birth defects.

It is extremely dangerous to use products that contain "toxic chemicals".

No allergic ingredients! Gentle on scalp and hair, gray hair dye

Natural additive-free hair color Pure Black

No diamine, preservatives, synthetic colorants, or synthetic fragrances

No diamine, preservatives, synthetic colorants, or synthetic fragrances A medicated hair dye that does not use diamine dyes, a carcinogenic and allergenic ingredient. Contains amino acids and natural plant ingredients to repair damaged hair. It also contains bifidobacterial to nurture the skin's natural bacteria. Helps reduce dryness and create manageable hair.

5 points for beautiful hair

- 1, No harmful allergens or diamine dyes!
- 2, No oxidizing agents are used, so there is no unpleasant smell!
- 3, No preservatives, synthetic colorants, or synthetic fragrances, only natural ingredients!
- 4, Contains amino acids and bifidobacterial that are gentle on the hair and scalp!
- 5, Can be used by people who are worried about allergies and cannot use ordinary gray hair dye!

Combs and gloves included.

Non-medicinal product Natural additive-free hair color Pure Black

Contents : 1000ml MADE IN JAPAN

Fear of synthetic surfactants

DVD for member training

It is said that synthetic surfactants (toxic chemicals) are the cause of rough hands, eczema and atopic dermatitis, and are contained in most commercial detergents and cosmetics.

Synthetic surfactants penetrate the body, and once they accumulate, they will never leave the body again. They also have a negative impact on the natural environment and animals.
